Chapter 2
Registration

2-1. Registration Required. Except as provided in subparagraphs a through d below, it is unlawful for any person to carry or possess any privately owned firearm while on the Fort Polk Military Reservation. Sponsors are responsible for all firearms belonging to Family members. The carrying of concealed weapons on the Installation is prohibited regardless of whether a state or county permit has been obtained.

a. Military personnel and Family members (hereinafter referred to as personnel) who reside in Family quarters, bachelor officer quarters, and bachelor enlisted quarters and have privately owned firearms will register them with the Directorate of Emergency Services (DES), Visitor’s Control Center (VCC), the Military Police Desk and the Game Management Office within 5 working days after arrival on the Military Reservation or within 5 working days after acquisition (see para 2-2). Personnel who reside off-post will register all firearms that are, or intended to be, transported on the Installation (see para 2-3). Such firearms must be stored in a unit arms room pending registration.
Commanders will ensure such firearms are accepted for temporary storage and are registered with the DES. Commanders may authorize storage in quarters.

b. Personnel who reside in unit billets and have privately owned firearms will register their weapons within 5 working days of arrival on the Military Reservation or within 5 working days after acquisition (see paragraph 2-2). All firearms in the possession of military personnel assigned to unit billets will be stored in unit arms rooms.

c. Military and civilian personnel may bring firearms onto the Fort Polk Military Reservation cantonment area for the explicit purpose of hunting or recreational shooting provided the firearm is of the caliber and type specified for the hunt or recreational event, the firearm is registered under applicable state law and the individual can prove that possession or use of the firearm(s):

(1) Is during a designated hunting season and in a designated hunting area, as specified by the Fort Polk Game Management Office.

or

(2) Is during the valid time period and specified facility for recreational shooting.

d. Possession of any other firearm under any other circumstance is prohibited. Such personnel must sign in and out with the Fort Polk Game Management Office prior to and after hunting on the Military Reservation (see JRTC & FP Reg 210-18, paragraph 5).

2-2. Registration Procedures for Personnel Residing on Fort Polk. Within 5 working days of purchase of a firearm, or assuming ownership of a firearm, or taking possession of a firearm, or arrival at Fort Polk if he already owns a firearm, the person possessing the privately owned firearm will:

a. Obtain Fort Polk Form 563, Registration of Personal Firearms from the DES or the VCC. The application will be completed with all required information to include the commander’s signature/approval. The commander’s signature on FP Form 563 constitutes the commander has verified proof of legal ownership of the firearm and the individual is not prohibited from owning a firearm (see paragraph 2-4 below). This approval will also document that the Soldier or Family member has received appropriate safety training on the use and storage of the firearm and is knowledgeable of federal, state, and local laws, or ordinances concerning the possession, use and transportation of the firearm. Fort Polk Form 563 will be taken to the VCC where the information will be verified. A copy will be placed on file with the DES and the original copy will be stamped and returned to the registered owner. It is the responsibility of the DES to ensure all weapons registered on the Installation are entered into the Centralized Operations Police Suite (COPS).

b. Be informed upon registration of the following:

(1) A copy of the registration form must be with the firearm at all times while it is being transported on the Installation.

(2) Fort Polk Form 563 will be produced by the registered owner when requested by law enforcement personnel.

(3) Personnel who engage in Morale, Welfare, and Recreation (MWR) activities are required to present proof of registration to management, staff or range control officers prior to participation in activities utilizing firearms. Registration procedures outlined above do not apply to firearms that will not be transported on the Fort Polk Military Reservation. Commanders who are special court-martial convening authorities may require additional registration procedures for the Soldiers under their command. This includes the registration of firearms with the company/battery whether they are maintained on or off post. The authority to establish such procedures may not be further delegated. This is not intended to limit the authority of company or battery level commanders to take necessary steps when faced with unique and potentially
dangerous situations involving the health and safety of individual Soldiers and Family members in their units.

2-3. Registration Procedures for Personnel Not Residing on Fort Polk. Prior to entering the confines of Fort Polk the person possessing the privately owned firearm will:
   a. Obtain Fort Polk Form 563, Registration of Personal Firearms from the DES or VCC and complete all required information. The visitor and the weapons serial number will be vetted through the National Crime Index Center (NCIC). Once favorable vetting has been completed the VCC will sign/approve the Fort Polk Form 563. A copy will be placed on file with the DES and the original will be stamped and returned to the registered owner. It is the responsibility of the DES to ensure all weapons registered on the Installation are entered into the COPS.
   b. Be informed upon registration of the following:
      (1) A copy of the registration form must be with the firearm at all times while it is being transported on the Installation.
      (2) Fort Polk Form 563 will be produced by the registered owner when requested by law enforcement personnel.
      (3) Personnel who engage in MWR activities are required to present proof of registration to management, staff or range control officers prior to participation in activities utilizing firearms.
      (4) Fort Polk Form 563 must be presented to security personnel at Fort Polk’s Access Control Points (ACPs) to document registration. Personnel without this document and carrying a firearm will not be authorized to transport or carry the weapon on the Installation. Personnel that hunt in areas that are not within the confines of ACPs are not required to register their firearm as long as they do not enter through any ACP.

2-4. Registration Procedures for Personnel Prohibited From Owning or Registering Firearms. Registration of privately owned firearms by person(s) described below are prohibited:
   b. Any person convicted in any court of a misdemeanor crime of domestic violence or a felony (the Lautenberg Amendment to the Federal Gun Control Act of 1968, as amended in 1996). The Amendment:
      (1) Makes it a felony for any person to sell or otherwise dispose of firearms or ammunition to any person he or she knows or has reasonable cause to believe has been convicted of a misdemeanor crime of domestic violence.
      (2) Prohibits anyone who has been convicted of a misdemeanor crime of domestic violence from shipping or transporting in interstate or foreign commerce, or possessing in or affecting commerce, any firearm or ammunition; or receiving any firearm or ammunition which has been shipped or transported in interstate or foreign commerce.
   c. Any person who is a fugitive from justice.
   d. Any person who has been convicted in any court of the possession, use, or sale of marijuana, dangerous or narcotic drugs (the term convicted includes non-judicial punishment under Article 15 Uniform Code of Military Justice).

b. Personnel residing on-post in Family quarters, bachelor officer quarters, or bachelor enlisted quarters may:
   (1) Store privately owned weapons in their unit arms room. Weapons pending registration must be stored in the arms room (see Appendix B).
   (2) Store privately owned weapons in their quarters with permission of the company/battery/troop/detachment commander (hereinafter referred to as a unit commander). A completed Fort Polk Form 563, signed by a unit commander, will serve as written permission for storage in individual’s quarters. A unit commander may revoke permission to store privately owned weapons in quarters under the following circumstances: when a person is charged with an offense for which a punitive discharge would be authorized, or a closely related offense under the UCMJ; when a person is arrested by civil authorities for an offense for which a sentence of confinement for 6 months or more is authorized regardless of suspension or probation; when a person is involved in repeated domestic disturbances; when a person commits any unsafe act with a weapon; or when a person violates any paragraph of this regulation. The Garrison Commander, major subordinate commanders, or the unit commander may require storage in a unit arms room or removal from post of any privately owned firearms when any of the aforementioned circumstances exist, and under any other circumstance that is deemed prejudicial to good order, discipline, morale, and welfare. Firearms must be stored safely and in such a way as to be inaccessible to children.

c. Personnel living in unit billets will secure firearms and ammunition, knives with blades in excess of 5-½ inches (except kitchen knives), or restricted weapons (as outlined in Chapter 4), in the unit arms room, in approved locked containers separate from military Arms, Ammunitions and Explosives (AA&E), when such items are not in use. Unit commanders will require a copy of Fort Polk Form 563 to verify Installation registration of the firearms. Fort Polk Form 563 will be retained in the arms room as long as the firearm is stored therein. All other privately owned weapons stored in the arms room will be registered with the unit on a memorandum (see Appendix B). Such items will be stored, safeguarded, and controlled in the same manner as government owned weapons in accordance with AR 190-11. Unit commanders will establish policy for the storage of all other weapons owned by personnel residing in troop barracks or bay areas.

d. It is unlawful for any person to possess, keep, or store any privately owned firearm or restricted weapon, whether registered or not, or any type of ammunition in any office on this Installation.

e. Privately owned firearms or restricted weapons will not be stored in vehicles. Personnel in a travel status, on Temporary Duty (TDY), leave, etc., will store their firearms in their temporary place of residence, i.e., guest house, hotel, etc. Personnel living in enlisted barracks must adhere to this regulation and store all firearms in the unit arms room.
f. DA Polk Police, Military Police, Criminal Investigations Division (CID) agents, and other
